

Quality Control Specification Sheet

Product

Articlenumber	000981
Productgroup Code	A02
Product Description	P4/1000/TW

Specifications

Composition / information on ingredients	Nonwoven, polyester-fibres, thermally and chemically bonded.
Appearance	White
Max. Temperature	110°C
Flammability	F1 DIN53438
Auto Flammability	500°C
Density	380 g/m ²
Solubility in water	None
Solubility in fat	None

Comments

Max. production size: 2.00 x 20.00 meter.

Safety Instructions

No hazardous product under normal conditions.
 Accidental thermal decomposition or melting state can present hazards.
