

PRODUCT IDENTIFICATION

Product Reference: POTAS-KALIUMCARBONAAT CAS Number: 584-08-7

TECHNICAL

Chemical Specification: Component	Specification	Unit	Analysys method	Nemarks equipment	Alkaliniteit als
K2CO3	> 99.5				

Wet Analyses

Na2CO3	< 1.0				
Moisture content zuurtegraad als KOH water onoplosbaren	< 100	mg/kg			
HACCP gecertificeerd					

Physical Specification: Property	Specification	Unit	Test method	Remarks e.g. equipment
Visual appearance	good			KC-10.190 Like standard

All deliveries according to agreed specification. Changes of the recipe, raw material in the recipe, production method and specification or material from another source can only be made after JM Colour Technologies did approve a sample of the new product.

Packaging: type: Bag packaging units: 25,0 kg material: Plastic

Other:	Shelf life: 24 months	Minimal shelf life	90% left upon arrival	Storage:	Condition:	Dry and cool
